REDINGTON™ OFFERS NEW WADING GEAR FOR 2006

BAINBRIDGE ISLAND, WA – Redington™ Tackle Co. (www.redington.com) recently released dealer ordering information for their new line of wading gear, further establishing itself as the most comprehensive source for performance fishing tackle and apparel. This is the first time since 2003 the company has manufactured waders.

Experienced and beginning anglers alike will appreciate Redington's wading line, which includes three different wader models (CPS™, Wayfarer™, and Crosswater™) and the Wayfarer wading boot. The waders are made from Redington's Redstorm™ waterproof, breathable fabric system that provides ultimate protection and comfort from the elements. With the exception of the King-sized CPS (Core Performance Series) wader models, the suggested retail prices of the waders are below \$200.00. The Wayfarer wading boots are priced at just \$59.00.

The CPS and Wayfarer models are covered by a two-year warranty against defects in material and workmanship, while the Crosswater model is covered by a one-year warranty against defects in material and workmanship.

Redington has been designing and producing quality, moderately priced tackle and accessories since 1993. A complete lineup of the company's tackle, apparel and waders can be found at the Redington website (www.redington.com).
