These forgiving, easy-to-cast, 34-million modulus medium-fast action rods were designed with beginners in mind. Combined with the all graphite-composite Crosswater reel and a weight-forward floating fly line, backing, and knotless tapered leader, any angler will be ready to fish by just adding a fly. Red.X :: Crossed up Combo – New for 2008, Redington combines two of their biggest successes for '07, the Red.Fly2 rod and the Crosswater reel, to create one unbeatable outfit.
